### 10.9 Organization chart

### 10.10 Student feedback mechanism on institutional governance / faculty performance

For institutional governance suggestion boxes are kept in all the departments. Students are encouraged to put their suggestions regarding administration of various departments & sections in the institution. Suggestions are opened in front of head of the institution & issues are resolved with concerned head of the section. Issues which cannot be resolved will be discussed in the HOD's meeting. In addition to this feedback is taken from the students personally by the HOD's as well as during their GFM meetings. Even parents suggestions are considered. For faculty performance feedback from students about teaching faculty is obtained in designed format twice in a semester. Depending on feedback, suggestions are given to the concerned faculty for improvement
